MACOMB COUNTY CLERK / REGISTER OF DEEDS SERVICES

By Carmella Sabaugh, County Clerk / Register of Deeds

There are many clerk services available to help the public. See:

<http://www.macombcountymi.gov/clerksoffice>.

Fax Filing – No Waiting in Line

My office accepts all documents for fax filing. There is a \$2 fax filing fee per case, not per page. Simply complete the fax filing form and fax it with your documents.

Credit Cards Accepted – Paying is Easy

Macomb County was one of the first to accept credit card payments for court fees, making it easier to pay when you don't know the exact cost ahead of time.

Docket Entries on Internet

The Macomb County Circuit Court case index and docket information is on the Internet. When my clerks enter data into the system, it's available to you via the Internet in real time. This is helpful if you are trying to determine the status of a circuit court case.

Real Estate Deeds on Internet

You may view and print a copy of Macomb County real estate deeds, or other real estate documents, for a fee, from the county clerk's web site. Deeds are usually posted to the Internet within 5 days of filing.

Wireless Internet in Court Building

Free wireless Internet service is now available in the Daner Law Library on the fifth floor of the county courthouse. A computer device equipped with wireless 802.11 b/g is needed to connect. Log in information is available in the law library.

Request Documents via Fax or Internet

We accept fax or Internet requests for judgments and other court documents. To request a document via fax, you'll need the fax request form, available on the Internet or our 24-hour fax-on-demand system.

Evening Hours for Vital Records

We are open until 7 pm each Wednesday for vital records. Court hours are 8 am – 4:30 pm weekdays.

Overnight Delivery

When you absolutely, positively need documents, you may get them via next day delivery. We provide this for court records and vital records.

Automated Form Requests

You may get forms via a toll-free fax-on-demand system 1-888-99-CLERK. The system even works on weekends when the office is closed! For a list of forms available, call the number and request document #1 or get the list on the Internet.

Business / Death Index on Internet

The county business registration list and death records index is searchable on the Internet.

PPO Assistance Center

With the help of Turning Point, we started a Personal Protection Order Assistance Center to help people with court forms and the legal process. It's on the 4th floor of the county court building.

One-Day / One-Trial

Jury duty was reduced for most people thanks to our new one-day/one-trial system. Jurors serve one day or one trial, whichever is longer. That means new jurors arrive every day. Jurors and attorneys are happier and it saves a little money for the county as well.

Bus Rides and Books for Jurors

We offer free bus rides so jurors may perform their civic duty. We also offer free library books to jurors via the clerk's web site. The books arrive in the jury room when jurors do.

Random Judge Selection

We insisted on random judge selection, ending a potential for "judge shopping." Civil case judges are randomly selected by the computer and not revealed until after the filing fee has been paid.

Carmella Sabaugh has been Macomb County Clerk / Register of Deeds since 1993 and is credited with modernizing the office.
